Headteacher: Mrs Anna Howell

Shrewton Primary News

I cannot believe we are approaching the end of Term 4! It is such a short-term week wise, but my goodness do we pack a lot in! The children as always have shone showing the Shrewton way and in return, so has the sun! There has been a lot to celebrate this term, including the grand opening of our new sand pit (with thanks to the FOSS), the second school disco of the year – which was attended by almost every child, the Y6 residential, a wild visit from Jonathan's Jungle Road Show and World Book day! Before we depart for a welcomed two-week Easter Break, I would like to thank you all for your continued support to your children, the school and our community and wish each and every one of you, the most wonderful Easter holiday.

Swimming Lessons

Next term, Parks class will start swimming lessons at Durrington pool. The children are all so excited to venture outside the school for their weekly P.E lesson. Though there are already some very strong swimmers in the class, this will be a great opportunity for all to become more confident in the water.

Please keep your eye on Arbor for the sign up.

Parking

We have been dealing with parking issues around the school for many years. While we have been exploring ways to address this without the need for significant financial investment, progress has been challenging. I have reached out to Wiltshire Council for support and am currently working on a travel plan for Shrewton School.

In the meantime, please could I ask you to be mindful of where you park. Tanners Lane is becoming increasingly dangerous, with parents mounting pavements and, in some cases, blocking them entirely. In the near future, I will be sharing a map highlighting safe parking areas that do not obstruct roads and help ensure the safety of everyone.

My wish is for parents to avoid parking on Tanners Lane altogether. There are drop-off bays at the front of the school, but if these are full, please consider an alternative — such as the rec, which is just a short walk from the school. Every child has been provided with a high-visibility jacket to help keep them safe when walking to and from school.

Grittleton Residential

On Monday, we waved goodbye to Y6 as they went off on their adventures to Grittleton. The children filled 3 days and 2 nights, with adventures, fun, laughter and some very early rises! They all had a wonderful time, lived out the Shrewton way and made memories to last a life time. Special thanks to Mr Marshall for accompanying them on the trip (though I think he enjoyed it just as much as the children, if not more!)

A few reminders

- No toys in school please. If your child requires something to support their focus – we will provide it.
 - High-Viz to be worn to and from school.
- School uniform to be worn at all times. P.E kit to be plain – no branded or highly printed clothing.
 - Break time snacks – fruit or veg only please.
